

WINMARK 2019 SINGLE VINEYARD RESERVE CHARDONNAY

Winmark Wines is pleased to present the latest release from the iconic Winmark Vineyard in the Hunter Valley. This Single Vineyard Reserve 2019 has been widely anticipated as it brings together the best pickings harvested from the rich soil of the property combined with expert viticultural methods and winemaking to showcase this latest Chardonnay. This is the third limited release of Winmark Chardonnay.

With a rich viticultural history dating back to 1972, the former Pooles Rock property in the Hunter Valley continues its remarkable revival under its current owner John Winstanley and Karin Adcock, together with the highly skilled team of wine experts who lend their expertise to Winmark Wines ensuring the road from the vines to the glass is optimised. The vineyard is again demonstrating it's long held tradition of producing beautiful Chardonnay. "Chardonnay – she is the queen of white wines" – winemaker, John Belsham.

TASTING NOTES

The Winmark 2019 Single Vineyard Reserve Chardonnay has been meticulously crafted using only the best select fruit from the vineyard, picked at night and gently pressed to ensure absolute freshness. Post fermentation it was introduced to the finest French Oak for 12 months. This allowed the wine to express itself, and brings a more complex style to the palate. Aromas of roasted nuts and butterscotch, with depth and layers of expressions of citrus, apple and honey melon with a creamy texture and velvet undertone from the extended lees contact. This wine will mature beautifully over time.
